***Production of components and spare parts  
for coffee machines, dishwashers,  
bar equipment and accessories***

La nostra società nasce nel **1965** come officina meccanica specializzata nella produzione di componenti per macchine da caffè espresso: oggi, la **produzione diretta** rimane il nostro punto di forza, insieme a un magazzino di oltre **6000 articoli** che riunisce una completa gamma di ricambi per macchine da caffè, macinadosatori, lavatazze, addolcitori e catering. Il nostro **catalogo online** è diventato negli anni un punto di riferimento fondamentale per i nostri clienti: abbiamo sviluppato un sistema di vendita online accessibile e rapido tramite cui vengono effettuati **oltre l'80% degli ordini**. Alla nostra clientela, composta da costruttori di macchine da caffè, ricambisti, tecnici e torrefattori, offriamo un servizio di assistenza forte dei nostri **50 anni di esperienza**.

**Produrre in casa** significa infatti acquisire una profonda conoscenza dell'intero processo di lavorazione – dal disegno, alla realizzazione, alla vendita e supporto tecnico. Grazie alla nostra familiarità con il prodotto e le sue applicazioni, l'attività di ricerca, innovazione, servizio e assistenza costituiscono per i nostri clienti un partner irrinunciabile: **produciamo componenti, costruiamo soluzioni**.

*Our Company was born in **1965** as a mechanical workshop specialized in the direct production of espresso coffee machine components: today, the **direct manufacturing of parts** keeps being our greatest strength, together with a well stocked warehouse of **over 6000 pieces** which include parts for coffee machines, coffee grinders, dishwashers, water softeners and catering. Our **online catalogue** has become through the years a point of reference for our clients: we have developed an accessible and fast system that collects today **over 80% of the orders**. Our customers, among which are coffee machine builders, coffee roasters, spare parts dealers and engineers, benefit of a unique service of technical assistance that we have perfected in **over 50 years of experience**. **Direct production of parts** means, in fact, gaining a profound knowledge of the entire manufacturing process: from design, to production, to sales, customer care and technical assistance. Thanks to our familiarity with the product and its applications, the constant research, innovation and focus on the client, we constitute today an invaluable partner to our customers. **We manufacture parts, we build solutions**.*
